Subject: Winningsplan Oldelamer

Dear [REDACTED]

Please find attached the Winningsplan for Oldelamer. This is a full update of the Winningsplan from 2003 (your ref. ME/EP/UM/4015990). This winningsplan is intended to replace the extension request for Oldelamer (our ref. 004ST2018 & 048/HM/2018) of March 9<sup>th</sup>, 2018. Hence that extension request is withdrawn. This winningsplan focuses on development extensions, in particular side-track, and incorporates results from a recent geological study and remapping of the area. These studies show that a side-track offers better options to resume production than just from the existing wells.

An electronic version will be send to the following email addresses: [REDACTED]@minez.nl,
