Subject: Winningsplan Vinkega, Addendum

Dear [REDACTED],

Please find attached an addendum for the Winningsplan Vinkega. This addendum details a revised subsidence assessment (the maximum depth of the bowl stays the same, the extent increases), including an impact assessment. This revision was prompted by analysis of the levelling measurements executed over 2017, which has been discussed with SodM.

All other parameters of the current winningsplan (approval ref. DGETM-EO-18120913) stay the same.

An electronic version will be send to the following email addresses: [REDACTED]
and [REDACTED].

Please contact us in case you have any questions.

Kind Regards,
Vermilion Energy Netherlands B.V.
