

# Dutch oil and gas fields and licenses

- Easy access to E&P data on [www.nlog.nl](http://www.nlog.nl)
- Reliable and stable E&P investment climate in the Netherlands
- Small Field Policy
- Fallow acreage
- Profit margins of Dutch small fields are very attractive

## New results from EBN studies

- Structural framework of the Mid North Sea area
- Source rock potential
- The Lower Carboniferous clastics play
- The Triassic Main Buntsandstein play
- Multi-target exploration
- Prospectivity G and M blocks
- Towards a better tectono-stratigraphic framework of the Chalk
